Dear Mr. Davis:

Re: Buffer #1-#4 Claims, S/027/044, Millard County, Utah

During our conversation on January 26, 1993, you indicated that H.E. Davis & Sons, Inc. was not responsible for any mining activity on the Buffer #1-#4 mining claims. Apparently, the BLM had discovered some recent activity on the site and had written H. E. Davis & Sons, Inc. a letter asking for a permit.

I spoke with BLM staff of the Warm Springs Resource Area on February 1, 1993. They indicated that the activity would probably be considered a trespass by another operator other than H. E. Davis & Sons.

The Division will maintain the file on the Buffer #1-#4, but will not hold H. E. Davis & Sons, Inc. responsible unless the BLM later determines otherwise. Also, please disregard our request for an annual report.

You indicated that you might decide to mine the site for perlite in the near future. If so, please contact the BLM directly. As lead agency, they will copy us on your notice.

Sorry for any inconvenience.

Sincerely,

Holland Shepherd
Senior Reclamation Specialist
